

Gorgeous Prestigious Original Award

APPLICATIONS DUE
4/12/19

Beautiful Strong Women,

The ladies of Gamma Phi Omega International Sorority Inc. at Northern Illinois University thank you for your interest in our award. We are a small non-profit organization located in the Midwest, dedicated to the educational advancement and civic engagement of women. The maintenance of exemplary scholastic standards and culture are a priority of our organization. With the increasing cost for tuition and the nation's economic instability, we have realized the financial struggles that come with receiving a higher education. In an effort to continue promoting higher education within our society, we present the Gorgeous Prestigious and Original Scholarship Award.

As members of Gamma Phi Omega, we pride ourselves in recognizing that we are each uniquely gorgeous, as represented most importantly by intellectual qualities. We are also prestigious in our academic and professional settings by achieving and transcending standards of excellence in our academic performance, embracing the valuable knowledge of other cultures that comprise our communities, and by understanding our values of service as good citizens. Finally, we are original in our thinking, allowing us to provide strong leadership to our peers. We believe that a woman fresh on her journey through higher education should adapt this Gorgeous, Prestigious and Original outlook and we would like to encourage as many women as possible to pursue a higher degree in education through a scholarship bearing that name.
